Sir:

It is hereby requested that a Certificate of Correction under 37 C.F.R. § 1.323 be issued for the above-captioned United States Patent. This Certificate of Correction is being requested due to mistakes which appear in the printed patent. These mistakes were made by the Patentees. The mistakes made by the Patentees are of a clerical or typographical nature, or of a minor character. The Patentees submit that correction of these errors does not introduce new matter.

Specifically, the printed patent contains the following errors for which a Certificate of Correction is respectfully requested:

At column 16, line 4 (claim 36), "(F) receiving data by least one of said first parallel part and" should read --(F) receiving data by at least one of said first parallel port and--. At column 16, line 7 (claim 37), "(F) sending data from said first parallel port to at least one" should read --(F) sending data from said first parallel port to at least one--. ### ***Remarks***

The above-noted corrections do not involve such changes in the patent as would constitute new matter or would require reexamination.

A completed Form PTO/SB/44 accompanies this request, with the above-noted corrections printed thereon. Accordingly, a Certificate of Correction is believed proper and issuance thereof is respectfully requested.

The Commissioner is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
